PM EXTENDED FUN CHALLENGE!

Last week our Preschoolers PM Extended students won the weekly challenge. They created amazing fruit and vegetable fairs Congratulations friends!!!!

Congratulations

For next week the challenge for our explorers is to build a wall panel with information about the insects seen during the week. The more information they describe within the wall panels, the more chances they will have to win the prize of the week.

Let's see which of them manages to convince our jury admin team !

- Please send in bottles of water and hats every day (or send a hat to remain in your child's cubby).
