REPTILES

WHAT'S COMING NEXT WEEK ECO FRIENDS?

NEXT WEEK:

For next week we are ready to discover the fascinating life of the REPTILES.

- Our babies will continue exploring through their senses, experimenting with different textures.
- Our toddlers will get to know these vertebrate animals, investigating characteristics related to their body cover, gestation and habitation
- Our preschoolers will get to know the form of locomotion and the anatomical structure of these vertebrate, and differentiate them from other species according to their characteristics.
- School Ages will be able to investigate the characteristics of reptiles by comparing them with other species based on: their anatomical structure, habitat, gestation, feeding and forms of locomotion.

CONCEPTS WEEK 7:

- **QUELONIOS:** Turtles(tortugas)
- **CROCODILIANS:** Crocodiles and alligators (cocodrilos - caimanes)
- **SCALY/ESCAMOSOS:** Lizards, chameleons, iguanas, snakes, bearded dragons, blue lizards, anoles, geckos. (Lagartos, camaleones, iguanas, serpientes, dragones barbudos, lagartos azules, anolis, geckos)

For our Infant we have a special vocabulary:

LIZARDS: Iguana, Chameleon, Gecko, Blue Lizard and Anolis

LAGARTOS: Iguana, Camaleón, Gecko, Lagarto azul y Anolis

PM EXTENDED FUN CHALLENGE!

Last week our Mix Room PM Extended students won the weekly challenge. They created this cute anthill... Congratulations little ecofriends!!!!

For next week the challenge for our explorers is to create a **reptocheerios!!!**

But what is this? A reptile made of cheerios.

How? On a 1 square meter poster board, fill a reptile with Cheerios. They will be able to paint the Cheerios to make the team project more fun.

Reward: Reptiles that change color in water...so cool !!

Who will be the winner this week? Let's see!!

Congratulations

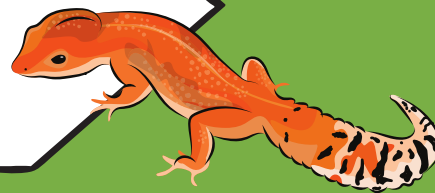

REMINDERS!

- **Croc charms (or "Jibbitz")**- please refrain from sending your children to school with these accessories on their shoes. Charms that fall off can pose a safety risk to your youngest students.
- Don't Forget- SELA is a **peanut/tree nut** free school. Please be sure to check ALL labels before sending snack items to school with your children.
- Please send in bottles of water and hats every day (or send a hat to remain in your child's cubby).
- Label ALL belongings, so that we can easily identify the owners
- No flip-flops or slide sandals please! Safe and comfortable footwear is essential for outdoor activities.
- Don't forget extra clothes for summer.
